For immediate release:

**Auburn, NY** SRI Quality System Registrar has recently awarded an ISO 13485:2016 Management System certificate to Currier Plastics, Inc., located in Auburn, New York, for a Contract Manufacturer of Plastic Consumables for general non-active, non-implantable medical devices.

According to Edward L. Maschmeier, Associate Vice President, Certification: "We are pleased to acknowledge that Currier Plastics, Inc. has demonstrated effective implementation of a management system. ISO 13485:2016 certification provides evidence to customers, suppliers, employees, and their community of their commitment to producing a quality product (service) and providing customer satisfaction."

ISO 13485:2016 is process-based; certification recognizes organizations that can link business objectives with operating effectiveness. Companies that achieve Management System certification to ISO 13485:2016 have demonstrated effective implementation of documentation and records management, top management's commitment to their customers, establishment of clear policy, good planning and implementation, good resource management, efficient process control, and measurement and analysis.

### **About SRI Quality System Registrar**

SRI Quality System Registrar is an internationally accredited registrar for management systems standards, such as ISO 9001, AS9100, IATF 16949, OHSAS 18001, ISO 13485, ISO 20000-1, ISO 27001, ISO/FSSC 22000 and environmental management systems standards such as ISO 14001, RC14001, and RCMS. SRI also provides public training for auditing, implementing, and maintaining these standards.
